RE: Hillside Uranium Complex  
ACT/037/015  
San Juan County, Utah

Dear Mr. Smith:

In reference to your letter of November 29, 1982 regarding the above matter, please be advised that Minerals West, Inc. does not own the subject property as of this date.

Whoever notified you that Monticello Minerals and Mining Company had relinquished their interests in the property was in error.

I spoke to Mr. Tom Tetting by telephone November 29 and 30, 1982 and advised him of the situation. As Monticello Minerals and Mining is in default on payments to us, it is possible we will attempt to recover the property but as of this date MMM is still the owner.

Further, as discussed with Mr. Tetting, in the event Minerals West reacquires an interest in the property, we would expect Energy Fuels and MMM as the operator responsible for the mining operations to take whatever action necessary to reclaim the property according to your specifications before we accept any responsibility as operator.

If there is anything further we can do to assist you in this matter, please call or write.
